Dear The Federal Communications Commission,

Congratulations on your appointment to Chair the FCC. In your new leadership role, I urge you to support the "Fair Share Plan" as a solution to current concerns with the Universal Service Fund (USF). The Fair Share Plan will keep the USF fair, ensuring that consumers like me do not pay the same rate into the USF as big businesses, regardless of how little I may use long distance.

I been working very hard most of my life and I am tired of government finding more excuses to raise my taxes. I believe it is time to find ways to cut down on government spending instead of coming up with these stealth ways to get deeper into my pocket. I try to vote smart and dependable people into office. Please look at what's happening here and try to understand it, in my shoes. I make less then 50 thousand a year and my biggest worries are how to survive. I don't have to worry about, if I should use Walnut or Mahogany wood on my yacht cabinets. I figure ways to keep cost down so I can feed my family and pay taxes. Once again, please don't tax my phone.

Sincerely,

Tim Westemeyer
